Proceedings in Detail.

It was near 10 o'clock when Chairman Berry called the convention to order this Nominations for Secretary of State were declared in order. George C. Rankin, of Warren county; John A. Reeve, county: J. A. Rose, of Pope county; I. N. Pearson, of McDonough county, and H. J. Tice, of Menard county, were placed in nomination. It was evident before choice on the first Nearly every county and ward save those having candidates in the field divided its votes among the several candidates. The vote resulted as follows: Rankin, 273; Reeve, 221; the second ballot. The names of Tice, Rankin and Reeve were then withson. Cook county's choice was successful-769 to 566-and James A. Rose, of Pope county, was declared the nominee for Secretary of State.

The following candidates for Auditor were placed in nomination: C. J. Kinney, of Winnebago county; J. R. McCullough, of Champaign county; Thomas B. Needies, of Washngton county, and N. B. Thistlewood, of Alexander county. There was no nomination on the first ballot, which was as foilows: Kinney, 485; McCullough, 402; Needles, 282; Thistlewood, 166. The names of Needles and Thistlewood were withdrawn and ex-Governor Fifer was temporarily called to the chair while a second bailot was taken. The second ballot resulted in the nomination of McCullough. The vote was: McCullough, 668; Kinney, 667. When the vote was announced there was great cheering. A verification of the roll was demanded. caused a great deal of excitement. The friends of McCullough became alarmed and leclared it a scheme to defeat their candidate. Chairman Berry said that a verification showed that McCullough had 671, Kinney 664, and McCullough was declared the nom-

inee of the convention The nominations for Treusurer were then in order. Henry L. Hertz, of Cook county, was nominated by Graeme Stewart. Delegate Daley, of Peoria, then arose and said that he desired to place in nomination Dr. G. A Zoller, the "friend of William McKinley, jr., of Ohio." This caused an uproar, as it had been declared that no nominating speeches uld be made. Charles Fitzer, of Springleld, and Albert Schock, of Ottawa, were also placed in nomination. The vote was: Hertz, 829; Fitzer, 25; Schoch, 246; Zoller, 235. The chairman then declared the next order business was the selection of a candidate

When the chairman had announced the result, Charles Fuller, of Boone county, arose and said that he believed the next order on the regular programme was the consideration of resolutions instructing delegates to the national convention. He desired

"Resolved. That the delegates to be elected by this convention to the Republican nanal convention be and are hereby instructed to present to said national convention the name of the Hon. Shelby M. Cullom as Illi-nois's candidate for President of the United States and to use all honorable means to

The reading of the resolution was the ause of the most uproarious applause that had occurred in the convention. For fully five minutes there were cheers from the galand by delegates. The chairman gavel in vain to restore order, but in spite of all he could do the applause tinued. When order was finally restored and the resolution was read by the secreary there followed another uproar. Mr. Fuller arose to speak to the resolution. When he arose W. J. Calhoun, the leader of the McKinley faction, interrupted him by manding of the Chair if the resolution was offered to be voted on. The chair said it was, and Mr. Fuller proceeded. In the course of his speech, Mr. Fuller said the yes of the Nation were upon this convenanxiously waiting to see what action d be taken regarding the presidential uestion. There was not a man in this tate who was not proud of Lincoln and Both of them were furnished by We have a man in our midst whom he people of the State have delighted to nonor for the last thirty years (loud ap-lause.) Twice elected Governor and three imes elected to the United States Senate, Shelby M. Cullom had been an honor to the arty (applause.) In conclusion he insisted shelby M. Cullom was the choice of the

Long and furious cheering followed Mr. uller's speech. When it had abated "Sol" ethea, of Lee county, arose and moved at the name of William McKinley, jr., of be substituted for that of Shelby M. Cullom. At this, the cheering broke out with even more furor than before. By actual time the applause lasted for four min-

W. J. Calhoun then took the platform to eak in behalf of McKinley. He said he had a number of reasons why he believed the motion offered by Mr. Bethea, of Lee county, should prevail. Without fear of ex-aggeration, he felt that there had been no time since the war that the people of the State were so deeply interested in a State convention as they were to-day. He re-ferred to the Democratic administration of the Nation's affairs and to the hard times that had resulted. The people had had enough of Democracy and were about to was not strange that people should, at so important and serious a moment, select as their leader a man who embodied their principles. He realized that the State had many great statesmen. There was man who had followed Grant through the war and had aided Lincoln during the dark days of the war. He was a man who had a world-wide reputation as a statesman. He was the favorite of the plain common people, in the work-shop and in the homes. "William McKinley," he concluded, "is the leading man of the hour."

YELLED LIKE MADMEN. The uproarious cheering was renewed as

he ceased to speak. Delegates and visitors in the galleries got upon the chairs, threw their bats in the air and yelled like madmen. Alderman Martin B. Madden next took the floor and offered an amendment to the amendment. It was to add the following words: "And in case the Hon. William McKinley fail to be nominated the delegates at large from Illinois to the national convention be instructed to express their confidence in the ability of Thomas B. Reed, of Maine, and W. B. Allison, of Iowa, and that either would be acceptable as the standard bearer of the party." This caused a storm of objection from the McKinley men. Mr. Calhoun said should the amendment to the amendmen. be adopted it would destroy the original

eas in the resolutions. Ex-Attorney-general George W. Hunt then made a speech in favor of McKinley. He was a man who was the choice of the people and not a few politicians. Ilinois was g to have the honor of naming the next resident of the United States. This State held the balance of power. The people were not bound by the narrow idea of a favorite son, but wanted a national favorite. The ent attaching the names of Allison and Reed should not be adopted. This was not because the people of the State lacked confidence in them, but because they had such great confidence in Mr. McKinley. There was another outburst of enthusiasm when Mr. Hunt ceased. Chairman Berry said that, as agreed on, the debate would close with a few arguments. There was so much disorder in the galleries that the chairman said, if it did not stop, he would

have the sergeant-at-arms clear the house of all save delegates. Mr. Fuller said he could see no good reason why Illinois should support a man from another State when she had a man of equal ability of her own. The Republicans were not like the Democrats. The Republicans had half a dozen men to choose from. He moved the previous question. A motion was made by J. B. Messick, of

St. Clair county, to lay the resolutions on the table. Objections were made that this was out of order. The Chair decided that he motion to lay on the table was in order. This matter had been fairly presented, he ided. He then directed the clerk to call the roll on the question of laying the resolutions on the table. Order was with difficulty maintained during the calling of the roll. Enthusiasts in the galleries continued it intervals to interrupt the proceedings th cheers. When the Twenty-ninth ward of Chicago was reached in the roll call. imothy Hogan challenged the vote. It was yeas and I nay. Hogan said that there ild be two nay votes. It was asserted hat he was not a delegate. The Chair asked the chairman of the Twenty-ninth ward delegation if Hogan was a delegate and a negative answer was given. At this logan became very angry and for a time t looked as if a riot similar to that started by the Hon, "Buck" McCarthy at the Twenty-ninth ward delegation meeting yesterday would result. The Chair finally succeeded in Inducing Hogan to sit down. The

cheering followed the announcement.

MADE UNANIMOUS. Then Mr. Fuller moved that the resolution instructing the national delegates at large to vote for McKinley be made unanimous. Hearing this motion from the leader of Senator Cullom's forces the McKinley men broke out again. Martin S. Madden, in behalf of the delegates from Cook county, seconded the motion, which was put and car-

When the uproar had ceased the committee on delegates at large reported the names of R. W. Patterson, editor of the Chicago Tribune: William Penn Nixon, editor of the Inter Ocean; Joseph W. Fifer, of Bloomingand D. T. Littler, of Springfield. Samuel T. Raymand, of Chicago, offered a minority report substituting the names of ex-Governor Richard J. Oglesby for that of D. T. Littler and that of Mayor George B. Swift in place of William Penn Nixon. Alderman Madden, of Chicago, spoke at length against the adoption of the minority report, after which the roll was called on the question of substituting Mayor Swift's name for that of William Penn Nixon. The vote resulted: 605 for substitution; 730 against. D. T. Littler then arose and withdrew his name in favor of R. J. Oglesby. Mr. Oglesby's name was then substituted for that of Mr. Littler and the report as to delegates at large was

The question of electing alternates was taken up. The name of Jordan Chavis, of Quincy, was substituted for that of W. A. Perkins, of Polo. The report of the commit-tee as amended was adopted. The alternates are C. W. Pepper and J Wellsworth, of Chicago: Selefant P. Chap-man, of Johnson county; Rev. Jordan Chavis (colored), of Quincy.

The following presidential electors at large were chosen: Rabbi G. Hirsch, of Chicago;

Hon, Horace D. Clark, of Mattoon, The platform reported by the committee was next taken up. It was amended by increasing the committeemen at large on the State central committee from two to five and the following-named gentlemen selected: J. C. Edwards, of Peoria; C. Sterling, of Bloomington; A. W. Berggren, of Galesburg; B. S. Morris and John Burkner (both colored), of Chicago, The platform was then adopted. The State Uuniversity trustees were then nominated, after which the convention adjourned.

GEORGIA REPUBLICANS.

One of the Resolutions Adopted by

the "Regular" Convention. ATLANTA, Ga., April 30 .- So far as can be gathered from the chaos and confusion of the proceedings of the Republican State convention yesterday and the contradictory statements of the leaders this morning, the result is a wide split in the party in the State. Two delegations will go to St. Louis. One, selected by the so-called "regular" convention, is composed of A. E. Buck (white) and H. L. Johnson, H. A. Rucker and J. H. Deveaux (colored.) The other, chosen by the so-called bolting convention, held after the other had adjourned, con-sists of A. E. Buck and J. A. Hetherington (white) and H. L. Johnson and R. R. Wright (colored.) The "regular" convention adjourned without adopting a platform. The second convention adopted a platform, with the following plank:

"And be it further recommended, That it is the server of this convention that finan-

is the sense of this convention that, finan-cially speaking, our country is in a deplor-able condition, such as it has never experienced during its history. This condition of affairs can be fully and clearly traced to the misguided and blind legislation of the Democratic party; and it is the further sense of this convention that the only possible redemption of the country from its present thraidom will be the return of the Republican party into power, with ex-Gov. McKinley as its standard bearer and the adoption of a sound-money plank in the platform, and a protective tariff on American institutions and protection to American abit courses." ican ship owners.'

That some trouble was anticipated about the award of the contract is apparent from the fact that a contract had already been prepared and was quickly signed, sealed and delivered to Geake, Henry & Co. LEBANON, Ind., April 30.-George L Spahr was arrested this morning, charged with assaulting the person of Miss Leon Estle, fifteen years of age. Mr. Spahr is a dealer in jewelry. The case came up in the Mayor's court immediately after his arrest. The prosecuting witness testified that on last Tuesday night, when Mrs. Spahr was visiting relatives in Cincinnati, she went to her room to retire about 10 o'clock; that soon afterward Mr. Spahr rapped upon her door and asked where he could find his night shirt; that she told him and he went away; that some time about midnight she was awakened by someone throwing an arm across her. She discovered that the intruder was Spahr and at once repulsed him, when he left the room, asking her to say nothing about it. The defendant denies the charge in toto, admitting only the fact that he asked the girl as to his night shirt. Mrs. Spahr testified that she forbade the girl remaining at the house during her absence Miss Estle bears a good reputation and has always been above reproach. Mr. Spahr has been held in high esteem. The Mayor has the case under advisement.

Howard County Electric Line.

Special to the Indianapolis Journal. KOKOMO, Ind., April 30.-The gas belt electric railway scheme projected last year is again demanding attention and seems like a sure go. For several months Frank E. Snow, of Indianapolis, owner of the Kokomo street railway, has held a franchise from the County Commissioners granting him the right of way over the gravel road from Kokomo to Greentown and he holds like concession from Greentown, both franchises stipulating that the road must be in operation by Sept. 1. On this line of ten miles work has already commenced. County Surveyor Hunt has a force of men grade stakes for the roadbed and ties are being distributed along the route. The ultimate object is to connect this line with those of Marion, Elwood and all other gas towns.

Missionaries for London. Special to the Indianapolis Journal. FORT WAYNE, Ind., April 30 .- The second day of the Lutheran Synod was opened with an address by Dr. Franz Pieper, of Concordia Seminary, St. Louis. This was followed by a general discussion of missions in London. This afternoon the discussion was remen to that city and maintain them. It was stated and proved by statistics that there are nearly forty thousand German Lutherans in London who are served by seven ministers, who cannot pay any attention to mission work. The necessity of supplying that city with ministers at once was so evident that the convention heartily indorsed the move-ment, and it will be pushed forward at once.

Attempted Jail Delivery. Special to the Indianapolis Journal. RICHMOND, Ind., April 30 .- A jail deliv-

ery was thwarted here to-day. One of the domestics employed at the jail noticed a small hole in the west wall and reported to the sheriff. It was found that bars covering a ventilator had been pried off, and the prisoners had taken turns crawling in and tear-ing away the brick in the wall. The bricks were taken to the interior of the jail and placed behind the bath tubs. At night the bars in the ventilator were replaced, the work all having been done in the daytime, when the prisoners were in the jail corridor. Yesterday a hole had been made, and this was to have been enlarged to-day and the delivery made to-night.

Block Miners Sign the Scale.

special to the Indianapolis Journal. BRAZIL, Ind., April 30.-There will be no strike in block fields this year. The block miners met in delegate convention here today and a committee was selected to meet the operators' committee to settle the wage scale for the coming year. The miners demanded an increase of 5 cents per ton, but the operators refused to raise, and at 4:15 o'clock this afternoon the scale was signed at last year's prices of 60 cents. The two machine mines asked a raise of 10 cents, or half the price paid for pick mining. It was decided to allow the company operating these mines to settle independently, and a meeting is called for next week for this

Thereupon the Secretary for the Colonies smiles and purrs and explains to Parliament why it would not be wise at this time to insist-that things are progressing as well as possible. Then he goes home locks the door, and kicks the buttons off the back of his own coat. It's a queer duel be-tween two very different sorts of cleverness.

FEW STRIKES TO-DAY

TOILERS IN SOME OF THE CITIES WILL CELEBRATE IN A QUIET WAY.

No Serious Trouble Expected on Ac count of the Eight-Hour Movement-Situation at New York.

NEW YORK, April 30.-The movement for

the eight-hour day, which was inaugurated seven years ago by the Federation of Labor, will be duly celebrated in this vicinity to-morrow and Saturday. The United Brotherhood of Carpenters and Joiners of the transharlem and Westchester districts, numbering 1,400, have completed all their arrangements for the adoption and enforcement of the eight-hour demand, and they expect that the big majority of the members in that territory will get the shorter hours without any difficulty. No trouble or strike is anticipated, and the movement above the Harlem river will be directed by the carpenters' district councils, under the personal supervision of the general president of the brotherhood, C. E. Owens, who is a resident of Westchester. It was expected that the horseshoers of this city, Brooklyn and Jersey City would take part in the short-day movement, but it is claimed that they are not in a position to make a stand, through insufficient organization. During the past few years the inroads made by cable, electric and other horseless means of transportation have thrown a large number of horseshoers out very careful not to take any action which might prove unsuccessful. A good many of the new agreements of labor organizations in this city will go into effect to-morrow, among them being several sections of the building trades, painters and laborers. The mineral water bottlers and drivers may strike for the enforcement of the new agreement, but nothing definite has been announced as to their intentions. There will be several celebrations of the movement's anniversary, and the Socialists will have a parade, followed by a demonstration in Union Square on Saturday night.

Situation at Pittsburg. PITTSBURG, April 30.-The May day struggle by workmen will probably not be very bitter or extended in this city. The building trades generally are not thoroughnized, and until they are no decided stand will be taken. The bricklayers have asked for 40 cents an hour as the minimum and the masters have appointed a conference committee to meet the journeymen's committee. The structural iron workers will present a scale to-morrow, but it is not likely a strike will follow. The carpenters are organizing, but are not in shape as yet to present their scale. The plasterers are still on strike. The plumbers have gained their demand (\$4 a day), and the painters have secured an advance from

Street-Car Employes May Strike. TOLEDO, O., April 30.-Indications are at present that there will be no labor troubles in Toledo this spring, unless it comes from the street railway employes. The Central Labor Union has been laboring incessantly to guard against trouble, which generally crops out on May day. Officers report that everything is quiet and the men are well satisfied with their present scale and hours. The street railway men have made a for-mal demand on the company for a ninehour day and a two-cent raise in the scale all through. The companies have so far refused to grant the concession. The men may strike to enforce their demands, but it is hardly probable.

No Strikes at Detroit. DETEROIT. Mich., April 30 .- No strikes are contemplated among the trades of this city to-morrow and it will be a quiet May strong enough to carry a strike to a successful issue most of them already have the eight-hour day. So far as ascertained, no movement in the way of demanding shorter hours is contemplated in the immediate future.

At Denver. DENVER, Col., April 30 .- So far as can be learned only one trade will inaugurate a strike in Denver to-morrow, and that will affect but a few men, if, indeed, any actual stopping of work. The brick masons have increased pay from \$3 to \$4 per day from May 1. Most of the contractors agreed to it, and it is thought all others will do so to-

Will Go Fishing. GRAND RAPIDS, Mich., April 30.-Many of the workingmen of this city will celebrate May day as the opening of the fishing season. There has been no formal demand for increase in wages or fewer hours this spring. and at present there are no prospects of

labor troubles during the coming summer. Quiet at Kansas City. KANSAS CITY, April 30.-Quietness prevails in labor circles in Kansas City, and so far as can be ascertained there has been no agitation for fewer hours that is likely to result in any demonstration to-morrow.

FEW EMPLOYES STRUCK.

Failure of the Attempt to Tie Up Philadelphia Street-Car Lines. PHILADELPHIA, April 30.-The strike of the employes of the Union Traction Company, which was ordered by the central committee of the Amalgamated Association | ment at the park in Philadelphia. to take place at 4 o'clock this morning, has fallen flat. Cars are running regularly on nearly every branch of the company. The only noticeable interruption is on the Fourth and Eighth-street division, where only about three-fourths of the cars are running, but those which are in operation are manned by the old men. The same can he said of 75 per cent. of all the cars which are in motion. General Manager Beetem, of the Union Traction Company, said to-day that as far as his company was concerned there was no strike. There have been no

disturbances. Strike of Drivers Ended. PITTSBURG, April 30 .- The strike of drivers at the mines in the Toms run field, which threw 700 diggers idle, is ended. At one of the largest meetings ever held District President Patrick Dolan to-day explained to the strikers the injustice of their claim, and all agreed to return to work.

Many Miners Killed.

LONDON, April 30 .- An explosion, by which one hundred persons are reported to have perished, has occurred at Micklefield, Yorkshire. The explosion took place in a colliery. Twenty injured persons have been rescued from the shaft.

An Historic Stone.

New York Commercial Advertiser. Workmen began to-day to remove the stone in front of the Washington statue on the steps of the subtreasury. The stone will be taken up and placed in the wall of the rotunda of the subtreasury, where it will be out of danger from the elements. It is the same stone Washington stood on when he took the oath of office on becoming first President of the United States.

BISHOP DIAZ AT TAMPA.

His Story of His Arrest and Imprison-

ment by the Spaniards. TAMPA, Fla., April 30.-Bishop Diaz arrived here to-night from Havana, accompanied by his wife, three children and his brother Alfred. To a reporter he said: "My brother and I were arrested at 4 p. m., on day. Of the trades which are regarded as the 16th inst., at our home in the outskirts of Havana, and were taken immediately to prison. We were placed in separate cells, where we were kept for 134 hours without the privilege of communication. Then I heard I was to be given a military trial for complicity in Cuban affairs. This they could not substantiate. I was caring for sick soldiers, for whom I had organized forty sanitary delegations and several hositals, where two thousand Spanish solllers were cured of wounds and sickness. As soon as allowed, on the Tuesday for ing, I wired Dr. Tichnor, of Atlanta, that I needed help immediately. I sent the message to the office by a friend, who paid for it. The next day the message was returned, with the money, accompanied by a statement that the American consul and Spanish uthorities would not permit it to go. steamer for Key West, and as soon as the Spanish authorities learned I had sent it they released me, ordering me to leave on the next steamer."
